The New England EJ TCTAC team will provide reviews of the narrative and application package, offering two rounds of review upon time availability:

1st round of review (4 weeks before EPA deadline):

Comments on how the narrative addresses EPA's guidelines, suggestions on how to address these comments, and resources to identify data.

2nd round of review (2 weeks before EPA deadline):

After the feedback of the 1st round of review is addressed, the 2nd round will provide additional feedback to fine-tune the narrative and provide feedback on the complete application package.

Reviews will be provided in a written format, as an annotated document of your submitted text.

You may also schedule a follow-up call with the team member to walk you through the comments.

Deadlines for submission will be announced upon EPA grant solicitation release.
